Subject: Cold fusion

DE LA PART DE JEAN LACHKAR

The new Haut Commissaire du CEA has suggested that a small group of experts from CEA visit Your laboratory where your very nice cold fusion experiment was undertaken. Il would like to know If such a visit would be possible in a near future at your convenience. This is a proof of the interest On your last presentation in PARIS;

With my best regards

Nicole Marcon
secrétaire du Chef de Cabinet
du Haut Commissaire
